

All Furniture

Here we offer all of your home and office furniture needs. We not only serve the DFW Metroplex area, but also all cities of Texas. We offer a wide variety of contemporary, transitional, and traditional furniture.

We are an online store and house all of our furniture in our warehouse here in Dallas Texas and our customers have three options to choose from when ordering from us:

Step 1: Choose your shipping options- We have different third party shipping companies that we use to deliver and assemble online orders here in Texas. If you do not live in Texas, there is an additional shipping fee required for out of state orders. All orders must be placed from our website or app and payment remitted before we deliver the furniture to your destination. When you order from our website, www.allfurnitureco.com, or from any of the online apps for which we place advertisements, such as Offer Up, 5 miles, Let Go, E-Bay, or Mercari, you have the option to choose to pay online and have your furniture order delivered to your door.

Step 2: Pick Up- You have the option to come to our warehouse to pick up your order. Call our warehouse operator, Billy, at 214-259-6089 if you want to pay when you pick your order up from our warehouse. We will open the boxes to show you the furniture that you chose online and after you inspect it for damages, you pay and sign your receipt. Then someone will help you load the furniture onto your vehicle.

Step-3: Customer Commitment- Tell a Friend or Family Member about our service to you. When you tell someone about All Furniture and they decide to come and buy furniture from us, then we will give you a discount on your next order! It is our customer commitment to you!
